PROFESSIONAL SUMMARY

13 years experienced with multi basements LEED Projects || Professional Civil Engineer (M.Engg) || High-Rise RCC & Steel Structure Specialist || Project Planning & Operation Strategist || Cost & Budget Control Analyst || Construction & MEP Management Expert || Proficient in Contract & Procurement Management ||

Construction professional prepared to implement **WHS systems** and ensure full compliance with site-specific **SWMS** and NSW safety legislation. Ready to manage works in accordance with **BIM-based IFC drawings**, **Australian Standards (AS/NCC)**, **GC21/AS contracts**, approved **ITPs**, and strict control of **hold points** to prevent compliance breaches and commercial risk. Demonstrates strong understanding of **exposure class requirements** across design, procurement, and construction to minimize long-term durability and liability issues. Capable of managing **RFIs**, **NCRs**, and **defects** to reduce cost, delay, and contractual impact. Well-versed in monitoring and controlling projects from **DA (Development Application)** through to **OC (Occupation Certificate)**, following **Deemed-to-Satisfy (DTS)** provisions and **Performance Solutions**, including handover, warranties, and **Defects Liability Period** management. Experienced in managing **façade** and **BMS** Controlled MEP works, including **HVAC** (chiller & VRF), **fire services**, **hydraulics**, electrical **substations**, **security** and communications systems, supported by strong capability in **Procore**, **LLM** tools and **ERP** platforms.

PROFESSIONAL EXPERIENCE

ASSISTANT GENERAL MANAGER, INNSTAR LTD

12/05/2022 – 02/12/2025 | Banani, Dhaka

3 Years 7 Months

Led USD 111.37M commercial RCC developments including **32 Storied+5 Basement LEED Platinum Certified Building** | 59,462 sqm | 42 subcontractors | 400+ workforce | 7% time & 4% cost savings

- Directed full lifecycle planning, scheduling, resourcing and procurement for large commercial RCC developments, ensuring on-time, on-budget delivery.
- Led multidisciplinary engineering teams (Architectural, Structural, MEP, Fire) and enforced high standards of WHS, quality and environmental compliance.
- Controlled BOQs, budgets, contractor claims and reporting while resolving project risks and maintaining strong stakeholder communication.

RESIDENT ENGINEER, CONCORD GROUP

04/02/2020 – 12/05/2022 | Gulshan, Dhaka

2 Years 4 Months

Delivered USD 44.53M RCC building + Hazrat Shahjalal Int. **Airport Terminal-3** | 44433 sqm | 27 subcontractors | 1100+ labour | 12% time savings.

- Managed project schedules, BOQs, estimates and procurement workflows, ensuring alignment with design intent and regulatory standards.
- Coordinated with consultants and contractors to interpret drawings, resolve site issues and quality compliance.
- Handled contract administration, invoice verification, documentation and client reporting to support transparent, efficient project delivery.

PROJECT ENGINEER, NASSA GROUP

01/10/2016 – 02/02/2020 | Tejgaon, Dhaka

3 Years 4 Months

Managed USD 45.19M **Steel building projects** | 18,382 sqm | 29 subcontractors | 110+ labor | 3% time savings and within budget

- Interpreted architectural & Structural drawings to develop cost-effective construction and resource plans. Oversaw WHS, inspections, testing, risk management and adherence to technical standards during operations.
- Executed cost estimation, material procurement coordination, progress tracking and technical communication with clients and consultants.

2 Years 6 Months

Delivered USD 36.34M RCC **Residential & Commercial builds** | 16,400 sqm | 28 subcontractors | 90+ labor | On time & within budget

- Implemented master schedules, micro-planning and value-engineering strategies to optimize time, cost and resources.
- Managed procurement, BOQs, budgeting, contractor evaluations and verification of bills for accurate cost governance. Supervised Safety, quality assurance, inspections and coordination with architects, consultants and authorities to maintain compliance.
